

Automotive Supply Chain Best Practices

Odette Publications Catalogue

Version No 2.0

Date: November 2009

B2B RECOMMENDATIONS

Automatic Messaging in B2B Applications V1	BB01
Non-Production Material Identification (NPMI) V1	BB02
Partner Identification & Database (PID)	BB03
Security and Risk Reduction (S2R) V1	BB04
User & Access Management (UAM)	BB05
Virtual Conferencing	BB06

EDI MESSAGES (EDIFACT AND XML)

JAIF GLOBAL MESSAGES

Global Delivery Forecast Release 2 (Global DELFOR V1.1)	GM01
Global JIT Delivery Instruction Release 2 (Global DELJIT V1.1)	GM02
Global Despatch Advice Release 2 (Global DESADV V2.0)	GM03
Global Receiving Advice Release 2 (Global RECADV V1.1)	GM05
Global Invoice Release 3 (Global INVOIC V3.0)	GM06
Global Remittance Advice Release 2 (Global REMADV V1.1)	GM07
Global Delivery Forecast Release 3 (Global DELFOR V1.1)	GM08

ODETTE EDIFACT SUBSETS

Introduction to Odette Messages	OM01
---------------------------------	------

GENERAL SUPPLY CHAIN MANAGEMENT

Automated Response to Despatch Advice V1	OM23
DELFOR - DELINS V4R1	OM02
Odette message implementation guideline for delivery forecast / delivery instruction based on EDIFACT DELFOR D.96A	
DELFOR - EXHAND V1R1	OM03
Odette message implementation guideline for delivery schedule exception handling based on EDIFACT DELOFR D.04A	
DELJIT - CALDEL V2R1	OM04
Odette message implementation guideline for JIT delivery instruction based on EDIFACT DELJIT D.98B	
DELJIT - SYNCRO V5R1	OM05
Odette message implementation guideline for sequenced delivery instruction based on EDIFACT DELJIT D.03A	
DELJIT - KANBAN V4R1	OM06
Odette message implementation guideline for KANBAN delivery instruction based on EDIFACT DELJIT D.98B	
DESADV – RFSADV V1R1	OM07
Odette Message implementation guideline for ready for shipment advice based on JAIF Global DESADV V2.0, EDIFACT D.07A	
DESADV - AVIEXP V5R2	OM08
Odette message implementation guideline for despatch advice based on EDIFACT DESADV D.96A	
INVOIC V6R1	OM09
Odette message implementation guideline for invoice based on EDIFACT INVOIC D.03A	
INVRPT - STOACT V2R3	OM10
Odette message implementation guideline for inventory report based on EDIFACT INVRPT D.96A	

IFTMIN - TRINAD V1R1	OM11
Odette message implementation guideline for forwarding instruction based on EDIFACT IFTMIN D.96A	
IFCSUM - CONSUM V1R1	OM12
Odette message implementation guideline for consignment consolidation summary based on EDIFACT IFCSUM D.96A	
ORDERS - ORDERR V5R1	OM13
Odette message implementation guideline for purchase order based on EDIFACT ORDERS D.05B	
ORDCHG V5R1	OM14
Odette message implementation guideline for order change based on EDIFACT ORDCHG D.05B	
ORDRSP - REPORD V5R1	OM15
Odette message implementation guideline for order response message based on EDIFACT ORDRSP D.05B	
PRICAT - PRILST V2R1	OM16
Odette message implementation guideline for price list based on EDIFACT PRICAT D.96A	
REMADV V3R1	OM17
Odette message implementation guideline for remittance advice based on EDIFACT REMADV D.96A	
STATAC V3R1	OM18
Odette message implementation guideline for account statement based on EDIFACT STATAC D.96A	

AFTERMARKET

DELFOR – EXHAND V1R1	OM19
----------------------	------

Odette message implementation guideline for delivery schedule exception handling based on EDIFACT DELFOR D.04A

ORDERS - ORDERR V5R1 Bypass	OM20
-----------------------------	------

Odette message implementation guideline for bypass purchase order based on EDIFACT ORDERS D.05B

ORDCHG V5R1 Bypass	OM21
--------------------	------

Odette message implementation guideline for bypass order change based on EDIFACT ORDCHG D.05B

ORDRSP – REPORD V5R1 Bypass	OM22
-----------------------------	------

Odette message implementation guideline for bypass order response message based on EDIFACT ORDRSP D.05B

ODETTE XML

Odette XML Recommendation	OS08
---------------------------	------

EDI MESSAGE SUPPORT

Identification of Global Message Profiles	OS09
---	------

EDI Agreement Template	OS01
------------------------	------

Introduction to Odette Messages	OS02
---------------------------------	------

Interchange Control Guidelines	OS03
--------------------------------	------

CONTRL Message	OS04
----------------	------

EDIFACT Syntax Rules V3	OS05
-------------------------	------

Odette Code Lists (Issue 2008)	OS06
--------------------------------	------

Odette Code Lists (Issue 2000)	OS07
--------------------------------	------

TELECOMMUNICATIONS RECOMMENDATIONS

OFTP2 - RFC 5024	OP04
OFTP2 Implementation Guidelines V2.0	OP05
OFTP V1.4	OP01
OFTP V1.4 - RFC 2204	OP02
OFTP X.25 over ISDN	OP03

LOGISTICS RECOMMENDATIONS

GENERAL

Forecast Accuracy Measurement V1	LG01
Glossary of Terms and Definitions	LG02
Logistics Agreement V2	LG03
Traceability of Vehicle Components V1	LG04
Unique Parts Identification V2	LG05
Global Material Management and Logistics Agreement V1	LG06

MMOG & LE

Global MMOG/LE V2 (in several languages)	LM01
Global MMOG/LE V3 (English)	LM02

APPLICATIONS

Demand Capacity Planning (DCP) V1.1	LA01
Supply Chain Monitoring (SCMo)	LA02
Vendor Managed Inventory (VMI) V1	LA03
Web-EDI (eForms) V2.1	LA04
Global Collaboratively Managed Inventory Minimum/Maximum (CMI Min/Max)	LA05

CARRIERS & LSPS

Key Performance Indicators (KPI) for Carriers and LSPs	LK02
Global Carriers and LSPs Evaluation V1	LM02

KEY PERFORMANCE INDICATORS

Logistics Key Performance Indicators (LKPI) V1.1	LK01
Key Performance Indicators (KPI) for Global Materials Management and Logistics V1	LK03

PACKAGING

Container Management V1	LP01
Odette Packaging - General Recommendations	LP02
Folding Large Plastic Containers	LP03
Statement on Odette Plastic Boxes	LP04
Packaging Management	LP05

TRANSPORT LABELS

Transport Label (Global) V2	LL01
Transport Label (Global) V2 - European Profile	LL02
Transport Label (OTL3) V3.1	LL03
Transport Label (OTL1) V1.4.1	LL04
Transport Label - Cross Reference Table with Odette EDI Messages	LL05
Aftermarket Label	LL05

SECURITY RECOMMENDATIONS

Security Certificate Exchange V1	SE01
----------------------------------	------

ENGINEERING RECOMMENDATIONS (ODETTE AND SASIG PUBLICATIONS)

ENGDAT V3	EN01
ENGDAT V2.1	EN02
SASIG - PDQ Guidelines V2.1	EN03
SASIG - Product Data Exchange (PDE) V2	EN04
SASIG – Engineering Change Management V2	EN05
3D Annotated Model Standard	EN06
Black & White Raster (Use of)	EN07
CAD/CAM Data Exchange Agreement	EN08
Data Compression for CAD/CAE Data Exchange	EN09
Digital Engineering Visualisation	EN10
ENGDAT for Exchange of PDM Information (Specific Use of)	EN11
ENGPART File	EN12
PDF (File Usage)	EN13
Raster Formats for Coloured Images	EN14
Combining 3D Models and 2D CAD Documentation (Guidelines for)	EN15
